

Business Details

Divyashakti Ltd. processes quality raw blocks from not only India but also from Brazil, Norway, Finland, Ukraine, Saudi Arabia, South Africa, Angola, Madagascar & other African countries etc. The Company's USP is in its capability to produce exotic stones in exquisite colours, textures, and finishes. After making a mark on the US market, Divyashakti plans to expand its operational ambit to countries like Canada, France etc. Taking customer service, a notch higher, it processes granite tailored to the specific requirements of individuals and ships them directly to their destinations.
